ADVANCE DIRECTIVES OR LIVING WILL:

An "advance directive" is a general term that refers to your oral and written instructions about your future medical care, in the event that you become unable to speak for yourself. Each state regulates the use of advance directives. There are two types of advance directives: a living will and a medical power of attorney. 1) If you have completed an Advance Directive, please bring it with you on the day of surgery where it will be placed in your medical record for reference in the unlikely event you are transferred to the hospital. 2) If you do not have an Advance Directive
